

It's Gonna Happen

Music and Lyrics by Terry Crystal

Alan

1. It's gon-na hap-pen. Could it be?

It's gon-na hap-pen now.

2. All of the work we tried to do.

All of the work we've done.

1. Slow

2. Faster

It's gon-na hap-pen one, two, three, and pow! _____

We're gon-na have our mo-ment in the sun. _____

Just when you think it's go-ing too slow, that's when things turn a-round.

Hard to be-lieve it. How could it be? We're gon-na get the chance.

Who would be-lieve it? All of the luck we found. _____

We're gon-na do it. We're gon-na get to dance. _____

Dan enters.

DAN: What's goin' on.

ALAN: Lampson and Thatcher just came by... We're go-ing to build the Dynabook!

DAN: I thought Jerry pulled the plug on that.

ALAN: Chuck & Butler are giving us leftover money from their other project. And Jerry is going to be away for six months...Chuck just bet that he could finish a personal computer in three months. They want us to work on the software.

(beat)

It's not a notebook, but in time, the power of silicon chips will increase and we will build the Dynabook... This is the 'Interim Dynabook'!

DAN: Wow!
